Beauty and Strength!

Last night, we also went to the First Annual **DIVA** (Divine Inspired Vivacious Aware) Night Out, hosted by **Tigerlily Foundation** at the **Fairfax Marriott**. Every three seconds a woman is diagnosed with breast cancer, and survivor **Maimah Karmo**, who founded Tigerlily, spoke about its mission to educate, advocate, and empower young women with breast cancer. She's here with author **Vernice Armour**.

Sirius Radio's **Michele Wright** spoke, here with **Diahna Husbands** of Diahna Lynn Hair Enhancement Studio, which creates wigs for women battling breast cancer.

Miss Black DC 2009 **Breyuna Williams** thanked all the women for sharing their empowering stories.
